FIRST IN RESULTS TO ADVERTISERS

NUMBER 19

Village Moves to Widen Orchard St. from Main To Broadway Next Year

Parking Limited on Park Ave. Main St. Widening Is Completed

The first step in widening Orchard street from Main to Broadway was taken Tuesday evening when the village board employed Victor H. Kasser, Elgin, Ill., engineer to draw up plans.

The village is proposing to use gasoline tax money in widening the present 50-foot street to 80 feet to harmonize with the new 80-foot Broadway which will be built north and south paralleling Main street to the west.

The widened Orchard street will permit angle parking on both sides and four lanes of traffic, a big advantage to downtown traffic.

The project cannot be started until next spring but the village will apply to the state for gas tax money early next year.

An application also will be made at that time for tax money to improve Ida avenue as an arterial street.

Main Costs \$300 More

Widening of Main street in the southern part of the business district was completed Tuesday. Great expense in removing a tree made the cost of the project \$300 more but this will be taken care of by the state.

The jog of the curb at the end of the widened pavement has presented a hazard and a reflector light will be put up to prevent motorists hitting a utility line pole on the west side of the street.

A resolution was passed by the board limiting parking on Park ave. to the north side of the street as far east as the east line of the Jensen property.

The same resolution carried a provision that there shall be no parking on the east side of Broadway a distance of 25 feet from Lake street.

Lack of parking space was exemplified by a report of one of the trustees that Chief Fred Peterson had found one man parking his car on the roof of the village boiler room which is on street level.

Farmers Asked To Order Clinton Oats by Jan. 1; Herman's Farm Dealer

Lake County farmers desiring to purchase some of the new improved Clinton 11 Oats have only three more weeks to place their orders with the growers in Lake County.

These growers will hold oats for Lake County growers until January 1st. After this, they will release their stocks to other counties and states. These new improved Clinton No. 11 oats can be obtained from either of the following Lake County producers:

Herman's Farm, Antioch; L. A. Huebsch, Mundelein; Homer Havermale, Libertyville; and Roy Behn, Grayslake.

All seed is cleaned and certified. The price is \$2.50 per bushel. This is the established price over the entire state.

Clinton 11 Oats is an improvement over the regular Clinton in that it is resistant to Victoria blight, and ripens uniformly.

High School Plans Dance

The Antioch Township High school will enter its Holiday vacation season Wednesday, Dec. 22, with a dance given by the seniors to all students and alumni home on vacation. The admission will be 65 cents or \$1.25 a couple. The auditorium will be used.

Committees in charge are, Bud Reidel, chairman; refreshments Joan Smoe; tickets, Verna Kufalk; publicity, Norma Jarnigo and clean up, George Gossell.

The classes will end on that day and will be resumed Monday, Jan. 3.

Marketing Meeting Dec. 13

All Lake County Farmers are invited to a Livestock and Wool Marketing meeting to be held at the Farm Bureau Hall in Grayslake, Monday, December 13, at 1:30 p. m. Both the new livestock and wool marketing plans will be discussed. Sheep raisers will be especially interested in a new wool marketing plan to be presented.

In New Building Soon

The fire department is hoping to be in its new building by next week. Everything of an essential nature is completed except the heating. Although the heating plant is in, it has not been hooked up with the source of fuel. This may be done this week.

Zemanek Triplets Have New Home Temporarily; Are Healthy at 3 Months

The Zemanek triplets, Dawn, Don and John, have a new home at Marine Grove on Petite lake not far from the place where they lived last week.

The new home for the John Zemanek family is a summer cottage conditioned for winter and is but temporary it is said, and they will have to have new quarters later on.

Born prematurely at the St. Therese hospital in Waukegan, the triplets now strong and healthy, were three months old Tuesday. The boys look very much alike and only the mother can tell them apart, but the girl is unlike the boys in appearance.

It is quite a task to take care of them and Mrs. Zemanek is quite appreciative of any help that can be given her at feeding time. Mr. Zemanek takes over when he comes home from work and the two-year-old brother helps by carrying empty bottles.

Ticket sales for the benefit show being given by the American Legion and Auxiliary at the Lakes theatre Dec. 15 and 16 are good, the committee in charge said. The money will be applied for the hospital bill.

Taxpayers to Meet Legislators Friday At Co. Mass Meeting

Lake County taxpayers will have an opportunity at the mass meeting Friday evening at 8 o'clock in Waukegan to let their State Senator Ray Paddock and State Representatives Thomas Bolger, Nick Keller and Harvey Pearson know how the taxpayers feel on major legislative problems to come before the next General Assembly. The meeting is being held at Christ Church Parish House, Grand Avenue and Utica Street, in Waukegan.

Robert Tiekens of Warren Township, President of the Lake County Civic League, will preside at the meeting.

Since the purpose of the meeting is to find out what Lake County taxpayers want and to set up an action program, speeches will be held to the absolute minimum necessary to provide essential information and stimulate action, according to George E. Mahin, Executive Secretary of the Taxpayers' Federation of Illinois. The meeting is sponsored jointly by the Federation and the Lake County Civic League, and Mahin will be the speaker.

Both sides of major problems of tax legislation will be presented by Walton R. L. Taylor, Executive Secretary of the Lake County Civic League and Donald Rouser, Federation field representative. A ballot will be taken on each problem to find out what Lake County taxpayers actually want.

Issues upon which citizens will be asked to ballot include the following:

Should tax rate limitations of H. B. 513 be left as is by the next General Assembly?

Should an election to issue bonds or increase taxing power be void unless at least one-third of the eligible voters actually vote on the proposition?

Should public hearings after adequate notice on all bond issue proposals be required and should local governments be required to solicit bids on sale of bonds?

Should the local property tax rate for pauper relief be reduced from 10c to 5c per \$100 valuation, the excess cost to be taken care of by the state?

Should a referendum be required before any new tax can be levied or any new taxing district created?

Should total state appropriations for the next two years be held below 1 billion?

Should the 100% Assessment laws be retained?

Will Make Home Here

Mr. and Mrs. R. S. Nelson went to Chicago today to meet her father the Rev. P. J. Jamison who is coming here from Newbourne, Suffolk, England to reside. After spending a part of last year with the Nelsons Mr. Jamison returned to England, but has decided to make this his future home. He arrived in New York Tuesday on the Queen Mary.

Holiday Vacation Announced

The Antioch grade school will be closed at 2:30 p. m. Thursday, Dec. 23, and will open Monday, Jan. 3, Richard Whitacre, principal, announced. The high school will close a day earlier and reopen at the same time.

Lions Club To Meet

The Lions Club will have its business meeting Monday at Adelphi's Channel Inn.

Postoffice to Get First Class Rating On July 1, 1949

Receipts Reach \$65,631 for 1948 Which is Over Needed Amount

Antioch's postoffice will become a first class office after July 1, 1949. The change in rating is the result of the great increase in business, said Postmaster Roy Kufalk, who listed receipts for 1948 at \$65,631.85.

The local postoffice became eligible for a change in rating this year when it passed the \$40,000 mark in receipts. It became a second class office in 1926 when it grossed more than \$8,000 in business. After it passed the \$40,000 mark it became eligible for first class and this mark was reached well in advance of the close of the year.

Change to a first class office means a new accounting system will be installed.

Kufalk said that his total receipts did not include money orders, bond sales, migratory fowl stamps or stamps used elsewhere in vending machines.

The village needs larger quarters for its office, but Kufalk said that the inspectors were cool to any proposal of moving owing to the fact that the contract for the present room runs several years yet at a comparatively low rent.

Because of crowded conditions, however, auxiliary space was obtained for the big holiday business.

Urge New Laws to Put Minimum Vote On Tax Referendum

The fewer people that know about an election to authorize issuance of bonds or increase taxing power, the less likelihood there is that opposition will develop. This means that there is a premium on secrecy.

The maximum educational tax rate limit for a high school district in Tazewell County was increased in 1948 by a vote of 67 to 7, out of a total eligible vote of approximately 2,000. The tax for road purposes in a township in Iroquois County was increased at an election in 1948 by a vote of 50 to 23, approximately 8% of the total eligible vote of 912. A \$75,000 bond issue was saddled on the East Peoria School District in 1948 by a vote of 35 to 19.

There are literally hundreds of such examples where communities have been burdened with sizeable bond issues or substantial increases in taxing power by a handful of voters.

The Taxpayers' Federation of Illinois believes that all of the people served by local government are entitled to know whenever an election is to be held to authorize bonds or to authorize increased taxing power, and why the bonding power or increased taxing power is needed.

Accordingly, the Taxpayers' Federation, if it finds that the taxpayers of Illinois actually favor the idea, purposes that legislation be enacted by the next session of the General Assembly which will require that a certain minimum percentage of the eligible voters, such as one-third, must actually vote on a proposition to authorize bonds or increase taxing power for the election to be valid.

At the mass meeting of taxpayers of the 12th Senatorial District at Freeport on November 23, the vote was more than 10 to 1 in favor of this idea and more than two-thirds favored a requirement of a minimum vote of one-third or more of the eligible voters on any such proposition. A similar poll will be taken at the other taxpayer mass meetings being held by the Taxpayers' Federation of Illinois throughout the state.

The biggest problem is to determine what the minimum percentage should be that will compel the local governments to take their proposals to the people and at the same time not make it impossible to pass bond issues or tax increases that are justified by the facts.

And in the State of Washington, taxing districts and even at special where they have a constitutional requirement for a minimum vote on tax increases only 20 out of 482 propositions were defeated at elections from January 1947 to May 1948 because of failure of the necessary minimum of voters to turn out at the elections.

Anyway, It's Mighty Tiresome!

Orchard Street Sewer And Water Extension Is Given Village Assistance

Orchard street petitioners seeking new sewer and water mains were told by the village board Tuesday evening to proceed regardless of the fact that Dr. A. N. Berke, owner of two lots has refused to share the expense.

"Go ahead with the improvement and the village will pay the share of the two lots," President George B. Bartlett informed the Rev. Francis M. Flaherty, representing St. Peter's church and parochial school. President Bartlett said that the one-inch water main that is now serving the Berke property (the reason why the local physician sees no reason for helping finance another line) has been in the ground for 41 years and cannot be expected to last much longer.

"When that time comes," said Bartlett, "I'm sure that the doctor will be willing to reimburse the village for its expense."

President Bartlett was quite critical over the situation.

The sewer extension is needed to take care of the new parochial school which cannot empty into the mains to the south.

The policy of financing areas where property owners have failed to assume a share of the expense has been followed in Antioch, it is said, with the result that in some cases when taps were made no assessment to reimburse the village ever was effected.

Frank Zuzanek Buried Tuesday

Mr. and Mrs. James Van Cura and Mr. and Mrs. Louis Palm and daughter, Marion, attended funeral services for Frank Zuzanek in Chicago Tuesday. Mr. Zuzanek was a brother of Mrs. Van Cura and Mrs. Palm. Services were held from Huron's Funeral home at 929 West Belmont Avenue. Survivors besides his sisters are three brothers, Jerry of Kewanee, Wisconsin; Louis of Milwaukee and William Adams of Michigan, his wife, Bessie, a son, Robert, and a daughter, Mrs. Norma Bennet, of Chicago.

Benefit Play on Friday

The public is reminded of the one-act play to be given by the Lakeland Players Friday night at the high school auditorium. The play "A Sign Unto You," a presentation in keeping with the Christmas spirit will be without admission charge, but a collection will be taken for the benefit of the Scout home. A free lunch will be served after the play. The public is urged to attend.

Articles on Display

Articles made by disabled veterans, on display in the Antioch Real Estate window, are sold by the members of the Antioch Unit of American Legion Auxiliary. Proceeds from all sales of these articles go to the Veterans, this is their only means of making money.

Mattson Takes Engineering

Leonard J. Mattson, 19 Lake Villa, is an engineering student at the University of Illinois. Mattson is a second semester freshman in the school of mechanical engineering. He is active in the Choristers, a University group which was recently formed. The Choristers are directed by Professor Joseph Allen and they will present their Christmas concert Dec. 12.

Play Lake Villa Friday

The Antioch Grade school will play the Lake Villa Grade school in basketball there Friday night.

Sequoits Beat Grant, Lose to Barrington; To Play Ela, Bensenville

Papposes Have Same Fortune With Barrington and Grant Teams

Antioch High split even on its basketball games last weekend, winning from Grant Township High on the home floor 40 to 24 and losing to Barrington there 42 to 36.

The Papposes had about the same kind of luck, winning from the Grant underclassmen 38 to 18 and losing to Barrington's freshmen-sophomores 30 to 27.

The Sequoits will go to Bensenville on Friday evening and will play Ela Township high school here on Saturday evening. Bensenville has won two and lost one while Ela of Lake Zurich has lost two and won one. The Papposes will play the same teams.

Coach Maurice Kruzan believes that Northbrook and Barrington are the best teams in the league and that his men will have an easier time winning from Bensenville and Ela. There can be upsets, however, he declared.

No change in the Antioch lineup is anticipated for this week.

George Good Elected Worshipful Master of Sequoit Masonic Lodge

George Good will head Sequoit lodge A. F. & A. M. next year as worshipful master as the result of the annual election of officers conducted by the lodge Tuesday evening.

Members of his staff are: Adrian Vanderkloot, senior warden; Wendell Nelson, junior warden; Edmond Strang, treasurer; Elmer Kufalk, secretary; Harold Nelson, senior deacon; John Blackman, junior deacon; and Ira Simons, tyler.

Appointive officers are: Bernard Guillaume, senior steward; Edward Schipman, junior steward; Luster Badger, chaplain; and John Gaa, marshal.

A nice crowd attended the election after which members were served refreshments consisting of hamburgers and coffee.

Installation will take place Wednesday evening, Dec. 15. Guy Simmons of the Millburn lodge will be the installing officer.

The Sequoit Low Twelve club has reached a membership of 99.

Get Christmas Cash From News Classified Ad

This is the time of year when you can use extra money to good advantage for your Christmas shopping.

There are many unused articles around your home which can be quickly converted into cash by the use of News Classified advertisements.

Just take stock of the no longer needed household items, outgrown clothing and toys, sporting equipment, etc., and list them in a "for sale" News Classified ad, and let the ad do the rest.

A News Classified ad costs very little and will be read by practically every resident of the entire community.

Seek Village Water For Subdivision West of Antioch

Development of Smart's Ridgemoor Manor is Contemplated

Proposal to make Smart's Ridgemoor Manor just outside the west edge of the village on Tiffany road into a low-cost housing subdivision became known Tuesday evening when the owner and the contractor asked the village to supply water for the area.

John Conville, head of the Lake Region Construction Co. at Camp Lake appeared before the village board accompanied by Barney Naber, local real estate owner and asked permission to install a 6-inch water main to their subdivisions.

Naber proposed to dedicate an extension of Orchard street to the village limits and to install the water line past his property in that area to the village line. The construction company would then build the main to Smart's Ridgemoor Manor which is 87 acres of land on both sides of Tiffany road, originally the Smart farm.

To Have 230 Lots

Bernard Haviland, owner of the subdivision, presented a map showing that the property on the east side of the road had been subdivided into one-acre plots, but under the proposal of the F. H. A. these would be reduced to lots 75 x 150 feet.

The whole area, Haviland said, would permit 230 lots. He said (Continued on page 5)

Dalgaard Sits for Last Time on Village Board, Powles Will Continue

Winsor Dalgaard presented his written resignation as a member of the village board to the trustees Tuesday evening.

Sitting with the board for the last time, the former Antioch merchant now a grocery owner in Lake Villa, showed his continued interest in Antioch by voting and advising on all measures as if he were still a local resident.

Frank D. Powles, another trustee who is spending the winter at his summer home offered his resignation if members of the board thought he should. When the other trustees learned that he still has his household goods in Antioch and considers the village his voting place, they would not hear to his resigning, but insisted that he continue to the end of the term in April. As a local merchant they considered that he still is much interested in the village.

President George B. Bartlett indicated that he would not appoint a successor to Dalgaard since it is so near to election time.

Fox Lake and Ingleside Have New Weekly Paper Printed in Antioch Plant

Fox Lake has a new weekly newspaper.

Published by Mrs. Raymond Wendland of Long Lake, the new publication made its appearance in Fox Lake and Ingleside last evening.

The four-page six-column paper was full of interesting news and advertising its first issue. It will be distributed free a few issues as samples and then will be placed on a subscription basis.

The printing is done by the Gaston Printing Co., publishers of the Antioch News. Mrs. Wendland is a former Downers Grove newspaper woman.

Fox Lake now has two weekly newspapers, the Lotus News having had a clear field for a number of years.

Will Investigate Permits

An investigation will be made by the village board to ascertain whether new builders all have permits. Question was raised Tuesday evening as to whether all of the persons erecting new homes in the Barney Naber subdivision have village permits.

M. Y. F. Meets Sunday

The M. Y. F. groups will meet Sunday starting with recreation at 9:30 p. m. followed by a "Christmas" at 4:30 sharp. The worship service will be handled by the Senior M. Y. F.

Economic Highlights

If the judgment of representative business leaders is correct, those who anticipate a drop in the cost of living are doomed to disappointment. The outlook now is that some prices—notably foods—will probably decline during the coming year. However, even if this happens, it will be offset by higher prices in other directions, principally in the field of manufactured goods.

A recent statement by Henry Ford II indicates the trend of thinking on the top industrial levels. According to him, a fourth-round wage increase "is inevitable." Then he said: "Prices, too, must go up. Prices are high today, maybe too high—but we can't lower them without lowering wage and material costs." When asked for his views on price control, Mr. Ford said it would not hold prices down and "would wreck the nation—the auto industry included—and ruin the economy."

The attitude of the principal labor leaders is also indicative of things to come. At the recent CIO convention in Portland, Oregon, Mr. Murray, Mr. Reuther and other high executives in the organization laid most of the emphasis on plans for obtaining repeal of the Taft-Hartley Act, and for the framing of legislation which, in their view, would be favorable to labor. At the same time, they made it perfectly clear that they will demand, as a general thing, substantial wage increases. The AF of L is not so aggressive in attitude, but there is little doubt that it will follow a similar policy.

It might be argued, as a theoretical proposition, that higher wages need not constitute any particular problem to industry—that all it has to do is to raise its prices to compensate and carry on in the same old groove. But that argument, in many cases, is simply not workable in practice, and for a variety of reasons.

First, there is a group of basic industries which cannot adjust their charges without permission of one or more governmental agencies. These are the regulated industries, of which the railroads are the most conspicuous example at present. In spite of the rate increases they have been given by the Interstate Commerce Commission, their return on investment is only about three per cent. Very heavy demands for wage increases are being made on them, and more may follow. Even if the ICC should continue to grant higher rates to compensate for changing conditions, the time factor involved is serious. Wage raises, when granted, go into effect at once and are often retroactive. Higher fares and freight charges are normally granted only after many months of investigation and are not retroactive. Even then, as a general rule, the rate increases are never quite sufficient to offset the wage boosts.

There is another group of industries which

must meet foreign competition. Here shipping is the best example. According to the statistics, seamen's pay has risen 207 per cent since 1939. The maritime unions want still higher wages, along with other expensive concessions. At the same time, the companies' volume of business and their profits have declined. Foreign lines, which pay far lower wages and can operate more cheaply in all ways, and getting more and more tonnage.

Finally, there are any number of industries which are perfectly free to raise prices as high as they like, but which must keep a worried eye on the consumer. In other words, it is one thing to price an article at a given figure, but it is a different thing to get people to buy it at that figure. Consumer resistance has become an ominous factor in a number of fields, and is feared in others. On top of that, it is not only the individual buyer that must be considered. The big industrial consumer often dominates the picture. For instance, coal is a source of energy which must be sold in competition with other sources of energy, such as oil. If coal prices should get out of line, there would be a gradual shift to other fuels—and then, of course, the employment offered by coal would steadily decline.

Industries serving the demand for luxuries and semi-luxuries—things people can do without if they have to—are especially concerned as the wage problem moves to the front again. Motion pictures are a good illustration of this. Box office receipts in the United States have been drifting downward. There has been a heavy decline in foreign income, due to currency restrictions, freezing of funds, and stiff taxes abroad. The top movie minds think that current ticket prices cannot be further raised without a shattering effect on attendance. Efforts to reduce the production costs of pictures and still keep them attractive to the potential customer have not been too successful. So here too the prospect of higher wages is the cause of many a headache.

Labor argues that increases in living costs have made higher wages necessary. Industry replies that the trend of living costs is inevitably tied to the trend of wages. There is a great deal to be said on both sides. The problem is to find common meeting ground. Efforts in that direction will take up a large share of the national energy during the coming months.

The Low Down From Hickory Grove

Now folks, the election is over—we have picked the Captain—also the crew. Some of the crew are clear of eye—some are of 22 gauge and sneaked in under the tent as the big, free, outdoor exhibition took place at the Main Entrance. But by-and-large, the crew is average, I reckon, and being on our payroll now, it is up to every mother's son of us to tell the guy we elected just what we want done. So take your pen in hand.

If 51 people of each 100 say to their man there, we want to go like England—have the Govt. be the Big Cheese—make everybody more or less a drone—then that is what we will have. But if 51 of each 100 say, nix—we want to see the Govt. brought back to the style that our great grandpa and George Washington gained for us, then we will have that kind of Govt.

It is that simple. Congressmen are alert to votes can detect 'em, day or night, via postcard, telegram, or how. So don't go around blaming Congress—blame your own self if this Nation goes into a bedlam—you didn't write and lay down the law to your man there on the meandering Big River. Those guys are not as simple as some of 'em sometimes seem—they just haven't heard from you.

Yours with the low down,
JO SERRA

MILLBURN

Rev. L. H. Messersmith has chosen "What Went Ye Out To See," as the subject for his sermon Sunday, Dec. 12.

There was a good attendance at the cafeteria dinner served by the December Committee of Ladies Aid Thursday. Thirty ladies remained for the annual meeting in the afternoon. Mrs. E. W. King and Mrs. Edward Kidera had arranged an interesting Christmas program. In the election of officers, Mrs. Eric Anderson was re-elected president; Mrs. Ida Truax 1st vice president; Mrs. Harley Clark, 2nd vice president; Mrs. Paul Erickson, secretary and Mrs. Emmet King treasurer.

Rev. L. H. Messersmith is conducting the morning devotions 9 to 9:15 o'clock on station WKRS in Waukegan this week, using the Sermon on the Mount as the basis of thought.

Mr. and Mrs. Martin Skolas, of Kenosha, Mrs. Charles Holdridge, of Waukegan, Mrs. Anna Bauman and Milton Bauman were guests for dinner at the Earl Bauman home Sunday.

7 DE KALB HYBRIDS

With Real Cribbing Qualities

DEKALB 239 — A favorite with men who want to plant later than normal or husk early. Small dry-cob with sound grain.

DEKALB 240 — Open husks and a fast drying ear on this hybrid help it meet the demands of a short growing season.

DEKALB 241 — Very similar to 404A in type, drying habits and qualities for clean husking by hand or by machines.

DEKALB 403 — A new hybrid with strong stalk, strong attachment of ear to shank, and fully as early as 404A. A high shelling percentage.

DEKALB 410 — Unusual standing ability, even with borer infestation. Good record on drying in crib.

DEKALB 458 — Big ears with sound grain. The kind that fills a crib and pays off at the elevator.

DEKALB 422 — Open husks and spacing of kernels on ears contribute to very fast drying for a hybrid of this maturity.

SALEM

Mr. and Mrs. Ray Patrick and son, Michael, of Kenosha, were supper guests of Mr. and Mrs. Byron Patrick on Saturday.

Mrs. Frank Schmidt, of Kenosha, is spending several days with her family, Mr. and Mrs. Alfred Schmidt.

Mr. and Mrs. Alfred Schmidt are spending several days of this week attending the John Deere Convention at Milwaukee.

Mr. and Mrs. Elmer Kaphengst and family spent Sunday in Chicago.

The Southside Sewing club met at the home of Mrs. Lester Dix on Tuesday. The next meeting will be at the home of Mrs. David Elfers.

The Priscillas met on Thursday afternoon with Mrs. Minor Hartnell as hostess. The annual election of officers was held. The result of the election was as follows: Mrs. Janet Fletcher, president; Mrs. Leslie Krahn, vice president; Mrs. William Griffin, secretary and Mrs. Godfred Nelson, treasurer. The next meeting will be with Mrs. Ernest Schotom in the form of a Christmas party.

Mrs. Charlotte Bloss had as her guests on Saturday evening Mr. and

Mrs. Milward Bloss and family. Mrs. Byron Patrick and Mrs. Robert Patrick were shoppers at Racine on Monday.

Mr. and Mrs. Herbert Heine and daughter, Carol Ann, of Kenosha, were guests of Mr. and Mrs. David Elfers on Sunday afternoon.

Mrs. Byron Patrick accompanied by Mrs. Robert Patrick and son, Daniel Garry visited Mrs. Stanley Stoxen of Bassett on Wednesday afternoon.

Mrs. Clarence King and Mrs. Arthur Schönscheck and Mrs. Frank Kessler of Milwaukee, are at present on a trip to Florida.

Richard Hartnell and Charles Hartnell are taking a motor trip through the southern states.

Early Settlers' Mistake
Early settlers were at first reluctant to homestead the prairie sites, in the mistaken belief that the soil which grew trees was richer, because trees grew large, than the grassland.

New Head Lettuce
A new variety of head lettuce which is resistant to tipburn has been developed by scientists of the U. S. department of agriculture and the New Jersey experiment station.

Bee's Visual Equipment
In the bee family, the worker has 3,000 to 4,000 lenses in its eyes, the drone 7,000 to 8,000, a queen about 5,000.

Up to 120,000 RPM
Speeds of electric motors range from 120,000 revolutions a minute to as low as a single revolution per minute, or stall.

Compare Values... Compare prices

Only Chevrolet
Heavy-Duty Trucks offer all
these extra-value features!

Quicker, easier and quieter in operation, Chevrolet's new 4-SPEED SYNCHRO-MESH TRANSMISSION in one-ton and heavier duty models enables the driver to maintain speed and momentum on grades!

Another Chevrolet innovation, the new SPINED REAR AXLE HUB CONNECTION insures added strength and greater durability in heavy hauling.

Chevrolet's famous CAB THAT "BREATHES" brings you all-weather comfort! Outside air is drawn in and used air is forced out! Heated in cold weather.

The power-packed Chevrolet LOAD-MASTER VALVE-IN-HEAD ENGINE, world-famous for economy, is now even more durable and efficient in operation.

Plus

• The Flexi-Mounted Cab • Unwelded, all-steel cab construction • All-round visibility with rear-corner windows • New, heavier springs • Full-floating Hypoid rear axles in 3/4-ton and heavier duty models • Hydraulic power brakes on 2-ton models • Ball-bearing steering • Wide base wheels • Standard cab-to-axle dimensions • Multiple color options

Heating and ventilating system and rear corner windows with deluxe equipment optional at extra cost.

...and you'll choose CHEVROLET ADVANCE-DESIGN HEAVY-DUTY TRUCKS

There's a mighty big difference in heavy-duty trucks and you'll know it the moment you hit the highway in one of Chevrolet's new heavy-weight haulers. For there's a rock-solid quality, an ease of handling and pull-away power in these Advance-Design trucks. But discover the facts yourself. Compare values! Then—compare prices! You'll find that only Chevrolet trucks have 3-WAY THRIFT—low cost of operation, low cost of upkeep and the lowest list prices in the entire truck field.

SOCIETY EVENTS

Boltons to Observe Sixtieth Wedding Anniversary Dec. 12

Mr. and Mrs. Henry Rentner will hold open house Sunday, Dec. 12, from 5 to 7 p. m. honoring Mrs. Rentner's parents, Mr. and Mrs. George Bolton on the occasion of their sixtieth wedding anniversary. The Boltons have resided with the Rentners in Antioch for the last four years, having moved here from Kenosha county where they lived 35 years. There are seven children living.

Mr. Bolton will be 80 years old in April, 1949, and Mrs. Bolton will be the same age in the following June.

GRASS LAKE SCHOOL PARTY A SUCCESS

Over seventy persons attended the Grass Lake P. T. A. card party, held at the school Saturday evening. Card prizes were awarded the winners and cake and coffee served. Mrs. Doris Mason Palaske was a guest. Serving on the committee were Mesdames Eleanor Ballwanz, Marg Toppercer, Francis Anzinger, Florence Dittmer, Katherine Halversen and Marie Nemec.

METHODIST W. S. C. S. TO HOLD ANNUAL XMAS PARTY WED., DEC. 15

The Antioch Methodist Wesley Women's society will hold its annual Christmas party and dessert luncheon at the church at one o'clock Wednesday, Dec. 15. Miss Bell Richards will lead the devotion and read the Christmas story. The newly organized choir will sing a group of Christmas carols, and the afternoon will be spent in playing games and the exchange of gifts. The committee headed by Mrs. M. C. Cain requests that all members bring a fifty cent gift. Assistant hostesses with Mrs. Cain are Mesdames Birkhead, Carey, Raethers, S. Boyer Nelson. Luncheon will be served at 12:30 for members who are employed.

Lake County Gets On the Abraham Lincoln Food Train

As the time draws near the people of Lake County are beginning to respond generously to the program sponsored by the Christian Rural Overseas Relief Program known as Crop.

Most of the gifts coming in for the Abraham Lincoln Christmas Food Train are in cash and the cash will be used to buy exportable commodities in large quantities. Many of the farmers of Lake County are attaching a card to their milk cans and donating a certain number of pounds of milk. The chief commodity that will be given by the rural people of Lake County will be milk.

Rev. Paul Turk, Libertyville, stated today that scores of small contributions are starting to come in from the schools. Through the County Superintendent's office each school child is being asked to bring 15¢ which will purchase about a gallon of milk.

Since this project is being sponsored by the Protestant Church World Service, the Lutheran World Relief, and the Catholic Rural Life, many of the churches are making an all out effort to co-operate. The offering from the Union Thanksgiving service in Libertyville was given for this purpose. Rev. John Benson of the Lutheran church in Mundelein, a newly organized church without a church building as yet, is having some of his people make personal solicitations. Others churches took up a special offering last Sunday and some will do so this Sunday.

The Lake County Home Bureau is cooperating through its membership, and some of the Chambers of Commerce in the County are lending their assistance.

All cash gifts should be sent to R. J. Dwyer, State Bank, Mundelein, Illinois. Checks can be made out to him. The time is short. The train will leave Illinois so the commodities can be shipped from the coasts on Christmas Day.

Edmund Vos of the Antioch Lumber Co., indicated that his firm is planning to build a new office when he asked permission of the village board to build a marquee that would extend over the line on village property. It was granted.

The present office was erected 65 years ago by the Barker Lumber Co., that established the yard. Vos said the office building had been remodeled so often that further change is impossible and a new building is now considered to provide enough space for expanding business. The marquee, or canopy, would be for shelter and appearance.

R. N. A. TO ELECT OFFICERS TUESDAY

Olsen Camp Royal Neighbors of American will hold its regular meeting and election of officers Tuesday evening, December 14, at the Guild Hall. A pot luck lunch will be served at 6:30.

Methodists to Have First Protestant Produced Movie At Family Night Tuesday

Protestantism's first cooperative produced motion picture, "Beyond Our Own" will be shown at the Methodist pot luck Family Night next Tuesday evening at 6:30 o'clock. The occasion will initiate the new Bell-Howell sound motion picture camera which was recently given to the church by Mr. Charles Richards. Two "short" pictures for the youngsters will also be included on the program, "Three Little Bruins Make Mischief," and "The Night Before Christmas." Those attending are asked to bring their own table service.

The picture, "Beyond Our Own," was financed and produced by 13 major denominations through the Protestant Film Commission as part of the "World-wide Evangelism" emphasis of the Protestant churches. The film, using Hollywood actors tells the story of two brothers, both football stars whose careers go in different directions but strangely meet, in a fascinating story.

Send Supplies Abroad
Fifty more pounds of clothing left the Methodist Church this past week bound for overseas. The entire shipment is destined for a special center. It will be sent to the Nippon Seminary in Tokyo, Japan, the only interdenominational seminary in Japan. This particular school was forced to close a year ago because of lack of food and supplies. A sum of \$65 was also sent by the local church for the Abraham Lincoln Friendship Train this week which is sponsored by CROP (Christian Overseas Relief Program).

CARD CLUB ENTERTAINED AT LIBERTYVILLE FRIDAY

The oldest Ladies' card club of Antioch was entertained last Friday at Libertyville in the home of Mr. and Mrs. Frank Goggins, nephew and niece of Mrs. Anna E. Kelly of North Main street. It was Mrs. Kelly's turn to have the club, so the Goggins decided to help their aunt entertain this time.

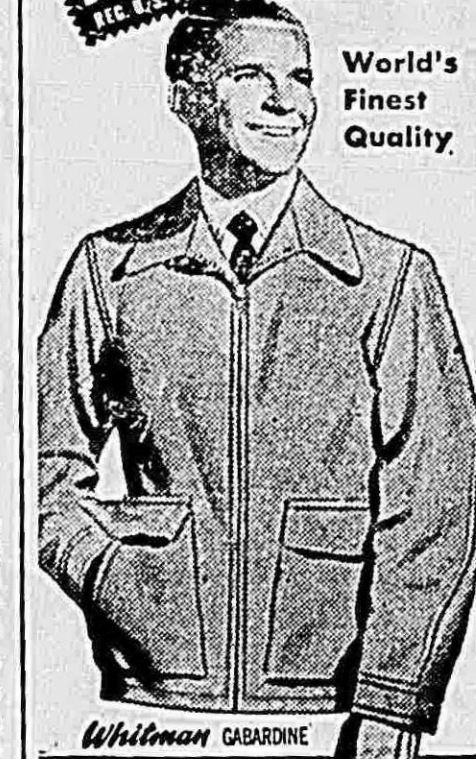

The hostess served a three course luncheon at one o'clock and the guests enjoyed the dainty spread. Mrs. Jennie Hawkins, Effie Nelson and Clara Felter won the three first card prizes; but the other ladies also were remembered, each one receiving a linen handkerchief with a very pretty crocheted edge. There still are three charter members that joined 44 years ago: Mrs. Ida Osmond, Effie Nelson and Anna Kelly. The club meets once in two weeks in the homes, this being the first time members were invited out. All decided they had spent an unusually pleasant afternoon.

Mr. and Mrs. A. L. Schenk left for Arizona Friday. They expect to spend three months in Arizona and a month in California returning home some time in April.

Church Announces Exams For Appointment To U. S. Military Schools

Congressman Ralph E. Church, 13th District, Illinois, has announced that his competitive examination for all candidates for appointment in 1949 to the U. S. Naval and Military Academies will be held under the auspices of the U. S. Civil Service Commission on Monday, January 17, 1949. To give young men interested equal opportunity to qualify, Congressman Church arranges with the Commission to hold competitive examinations when there are vacancies. The examinations will be held at Barrington, Chicago, Evanston, Highland Park and Waukegan.

Because of the redistricting in the State of Illinois, Congressman Church's appointments for the 13th District will be made upon the results of the Jan. 17, 1949 examination; and all boys residing in the 13th District who competed in the July 12, 1948 examination must also take the Jan. 17, 1949 examination in order to be considered for 1949 appointments.

All candidates must be actual residents of the 13th District, of sound physical health and good moral character, and must be not less than 17 nor more than 21 years of age (on April 1, 1949 for the Naval Academy and July 1, 1949 for the Military Academy, or not more than 23 years of age for those who have served honorably in the armed forces of the U. S. not less than one year). The 13th Congressional District is composed of the townships of Barrington, Elk Grove, Evanston, Hanover, Leyden, Maine, New Trier, Niles, Northfield, Palatine, Schaumburg, Wheeling and that part of Norwood Park Township west of the center line of Canfield

Rd., in Cook County, and all of Lake County.

The applicant should designate where it would be most convenient for him to take the examination. If temporarily absent from the 13th District, he may be examined elsewhere, at points where the Civil Service Commission maintains an office or examiner, or in the armed forces under his commanding officer.

Letters of application must be postmarked before midnight December 20th, addressed to Congressman Ralph E. Church, 10 South LaSalle St., Chicago 3, Illinois.

MRS. DUNWORTH HOSTESS TO PINOCCHIO CLUB

Mrs. Esther Dunworth of Bluff Lake Road, was hostess to the members of the Jolly Twelve pinocchio club, December 1. Mesdames Vic Nix; Dorothy Franchi, Ida Shunnesson and Edna Sommers were awarded the card prizes.

INDIAN POINT WOMAN'S CLUB MET AT KUGLE HOME THURSDAY

The Indian Point Woman's club held its regular meeting Thursday afternoon at the home of Mrs. Mac Kugle. Plans were made to hold a Christmas party Thursday, Dec. 16, at the home of Mrs. Rose Keating.

WE DELIVER

Seek Village Water.....

(Continued from page 1)

that the F. H. A. has insisted that water be obtained from a central plant before granting loans. Sewage may then be taken care of by private septic tanks.

The board of trustees said it would be favorable to such a plan if a satisfactory contract could be arranged.

In the absence of Attorney George McGaughey, Trustee Walter Scott, who had been in touch with the attorney by telephone, informed the board that the village could only contract with the promoters to meter the water wholesale at the village limits with a provision for a minimum for each-house supplied.

No Control Outside

"We have no control outside the village limits," said Scott, "and cannot go outside the village to read meters in private homes. We can contract for a wholesale supply metered at the village line with a stipulation that the purchaser list the number of homes supplied and a minimum charge made on the basis of that number."

Several local Antioch firms are interested in the project from the standpoint of the sale of lots, buildings and supplies.

Haviland said the two-bedroom, five-room houses would be sold from \$7,500 up depending on whether there were basements and extra improvements or not.

"We can start right in as soon as we get water and probably could put up a dozen two-bedroom houses by early spring," he commented.

Naber, who has been selling lots south of Lake street also has in mind the development of the area west of St. Peter's church through to Orchard street. His map shows Orchard street curving to the north before intersecting Tiffany road.

Has Enough Water

President George B. Bartlett said that the village now has twice enough water for its needs and might profit from the sale of the surplus. He was adverse to the situation at first because he thought that since the water system built at a cost of \$150,000 was paid by the village, the area within the village limits should be developed first and cared for.

It was said that the Lake Re-

gion Construction company stands ready to finance the cost of a new well if one is needed, but the proposition was not made openly.

The F. H. A. has refused to finance through loans any property where the well and the sewage system are on the same lot owing to the possibility of contamination of the water and the loss of valuation to the property.

President Bartlett said the Ridge-moor Manor proposition would be considered along with the Antioch Hill subdivision request for water main extension. The new building area south of Antioch is willing to be incorporated, however.

Attorney Edward C. Jacobs appeared for the Rev. Joseph Savage in petitioning the board to vacate Pleasant street and an alley east of Main street and south of Ida ave. Both are dead-end thoroughfares.

President Bartlett said that permission of property owners of lots 1 to 6 in the Davis addition facing on Main street would have to be obtained to do so. Both the alley and the street now are hardly discernable because of brush and trees. The petition maintains the alley has not been used for 20 years.

Jacobs said that Father Savage who owns most of the land on the south border of Ida avenue, wants to construct a circle drive forming a court-like arrangement in a new subdivision.

District Scout Meeting
Held Tonight at Wauconda; Cub Pack Organized

Antioch Scouting organizations will be represented at the north-west district meeting of scouters and executives this evening at the Wauconda Beach hotel. There will be a dinner at 7 p. m., followed by a business session in which the year's work will be discussed. New officers will be introduced. Local men attending are Dr. D. N. Deering, district assistant executive,

H. E. Cardiff, William Curtis, A. J. Kelly and T. R. Birkhead.

Antioch's new cub pack has been organized and the charter application sent in. Charles Larsen is the packmaster. Forty-three boys are registered in six dens, and the organization is off to a good start.

FIRE

CAN BRING SORROW TO
A JOYFUL CHRISTMAS
DON'T LET IT HAPPEN
TO YOU—BE PREPARED
GET

THERMO-SOL

THERMO-SOL is an inexpensive fire proofing material which will revolutionize fire prevention. Applied to any inflammable article, no matter how highly combustible, it will prevent it from bursting into flames. It becomes part of the material without in any way impairing the fabric, whether it be the cheapest of cottons or the most expensive of silks. It is invisible, possesses no odor, and will not stain, shrink, bleach, discolor or weaken any article or material treated. It has no detrimental effect on the skin, since none of the chemicals in THERMO-SOL is toxic. The solution washes out easily by ordinary rinsing, and can just as easily be reapplied.

THERMO-SOL is easy and simple to use. It is made in a powder form which is dissolved in water, in accordance with simple furnished instructions. The inflammable articles are dipped in it and the excess wrung out; or, hanging articles are sprayed with it and permitted to dry. Definite protection from fire, regardless of its source, is assured.

Get a package today. Keep some on hand at all times.

OH WHAT FUN TO "GIVE THE GUN"
TO BRAND-NEW FIREBALL POWER

YOU'LL feel like singing too—when you have one of these fresh-from-the-factory Fireball engines in your time-tested Buick.

It's a swell Christmas gift for the whole family—the gift you'll enjoy for months or years of motoring.

Just think—today's Buick power for your prewar Buick!

New bearings, new pistons, new rings, new electrical system, new carburetor, new clutch—new everything as shown by the list at the right.

We can make delivery now—install this new engine in

one to two days—because engine production is running ahead of car production, so there's no waiting, no delay.

The cost? Even less than a thorough overhaul. Arrange time payments if you wish. Charges vary slightly for different models—but we can put new power in any Buick built since 1937.

Come in—let us send you carolling joyfully forth behind the wheel of a fresh-powered car—for a Merrier Christmas, a Happier New Year—from the thrill that only new power can bring.

You get all this
—ALL NEW!

NEW Cylinder Block
NEW Crankshaft and Bearings
NEW Connecting Rods
NEW Pistons, Pins and Rings

Lakeland Buick Company

Nippersink Blvd.

Fox Lake, Illinois

HICKORY

Mr. and Mrs. Arthur Gehrand and daughter, Vera Mae and son, Stanley and Mr. Clarence Bailey, all from Beloit, Wis., were Sunday guests at the Earle Crawford home.

Mrs. E. W. King with a group from Millburn drove in to Chicago Friday evening and attended the annual meeting of the Chicago Congregational Churches and dinner held at the Palmer House.

Mr. and Mrs. Bert Edwards, son, Norman, daughter, Doris and grandson, Ronny Taylor, spent Sunday at the home of Mr. and Mrs. Harold Edwards in Madison, Wis.

Mr. and Mrs. Chris Nielsen were Sunday supper guests at the Curtis Wells home.

Phillip Burke of the U. S. Navy, was a dinner guest of Jerry Hunter one day last week.

Mr. and Mrs. William Gerber returned home Monday afternoon, Dec. 8, from a two week's auto trip to Arkansas. They came home through Tennessee and Kentucky and spent Sunday with friends in Terre Haute, Ind., where they used to live.

The Newport fire dept. was called to the house on route 173 last Thursday morning, rented by the Kenneth McNeil family and owned by the David Bennetts. They put out the fire which had burned a large hole in one roof.

Mr. and Mrs. George McNeil and children, of Kenosha, and Mr. and Mrs. Bob Alverson, from Green Bay road, south Kenosha, were Sunday afternoon visitors at the Fred Leable home.

Mr. and Mrs. David Bennett, Sr., announce the arrival of a new grand

daughter, born to Mr. and Mrs. David Bennett, Jr., of Lewis Ave., Waukegan, at St. Therese hospital on Monday evening, Dec. 8.

Twin Beds Gain Favor

Detroit has started to sleep single, according to reports of retail stores in that city. Before 1945, 62 per cent of the mattresses sold were for double beds. Today, however, twin beds have taken the lead with 52 per cent of the sales.

Sources of Calcium
Long, slow boiling of a soup bone to which you add tomatoes will extract some calcium the body can use. Cane, molasses and American cheese rate next to milk as sources of calcium.

"Bleeding" Deer
Newly-killed deer should be bled by sticking a knife into the stomach.

Time-Saver
It is time-saving to use two galvanized steel water pails when scrubbing the kitchen floor. Use one for soapy water and the other for rinse water, thus eliminating a trip back to the sink for more water.

X-ray in Cancer
High voltage X-rays such as those produced with the 50-million-volt medical betatron may prove of great value in cancer therapy because of their high penetrating power and lower surface absorption as they pass into matter.

LAKE VILLA

Rev. T. E. Rodd has chosen the sermon topic "A Lamp Unto My Feet" for the worship service at the Community church at 11 a. m., next Sunday. You are welcome. At last Sunday's service, Mrs. T. E. Rodd, Mrs. Margaret McNeill, Mr. and Mrs. John Perry were accepted into membership of the church.

The Official Board of the church met at the church basement Wednesday evening this week for the regular business meeting. A social hour followed with Mrs. Clifton Bray and Mrs. Dan Boyer as hostesses.

The W. S. C. S. will hold its next regular meeting at the church basement on Wednesday afternoon, Dec. 15, and the officers will be hostesses for the day. Dessert luncheon at 12:30, followed by the business meeting. Agot Sorenson will lead the devotionals. This will also be the Christmas party with exchange of gifts not to exceed 50c in value. Gifts for the Lake Bluff Orphanage

may also be brought in at this time. Visitors are welcome.

The Royal Neighbors of Cedar Lake Camp will meet at the hall on Tuesday evening, Dec. 14, for regular meeting, including election of officers and the annual pot luck dinner at 6:30. There will also be the annual Christmas party with exchange of gifts not to exceed 75c in value.

Windsor Dalgard, who has been in the grocery business in Antioch for some time has purchased and taken over the Peterson grocery and market here. We wish them much success.

Mr. and Mrs. Edward Ward and sons, who have been living in the Hucker house on Cedar Ave., have moved to a new home in Zion City.

Charles Bennecke drove up from Florida last week and Mrs. Bennecke and daughter, Thory, who have been with her grandmother, Mrs. Riney, for a few months, returned to their home. They left on Thanksgiving morning.

Mrs. Lester Hamlin spent last Friday in Chicago and visited her

sister, Mrs. George Beemsterboer. Frank B. Sherwood, of Chicago, visited friends here a few days last week and was guest of his nephew, Delbert Sherwood, and family.

Mrs. Dan Boyer was in Chicago last week to visit her mother, Mrs. Elizabeth Griffith, who has not been very well since leaving her home at Bucana Park.

Mrs. Elizabeth Glosser and daughter, Miss Mildred Glosser and friend, of Maywood, called on friends here last Sunday afternoon. They will leave next week for Florida.

The men of the Lake Villa fire department and their wives enjoyed a turkey dinner at the school gym-

nasium last Saturday evening, served by the ladies of the W. S. C. S., and then went to the fire station where the rest of the evening was spent in dancing and visiting. More than 100 attended.

Mr. and Mrs. Wilbur Madsen have started the building of a new home on Grand Avenue west of the Joe Nader home.

The Adamson family, who has living in the house at the end of Cedar Ave., have purchased a home at Round Lake Beach and moved there last week.

Augie Tanner, of Chicago, came out last Saturday to attend the firemen dinner and dance in the eve-

ning.

Mrs. Nell Riedel and Mrs. T. E. Rodd were in Racine last week in the interests of the Halcyon Club. Mrs. Harry Pavel, Mrs. Charles Britton, Mrs. Joe Nader, Sr., and Mrs. Paul Williamson were included in the committee.

Newspaper "Notices"
Ads in newspapers fifty years ago were referred to as "notices."

Whistler, West Pointer James Abbott McNeill Whistler, who is famous for his painting, "Whistler's Mother," once attended West Point, relates World Book Encyclopedia. Whistler was strong in drawing but weak in chemistry—and he flunked out in his third year. "Had silicon been a gas," Whistler said later, "I would have been a major general."

"The North Pole is pretty chilly these nights, too!"

"I have to catch up on plenty of rest and sleep when I get home, because it's a tough job... this filling the stockings of youngsters all over the world... that's why I use an Electric Blanket! Nights get mighty cold up at the North Pole, and it's really wonderful to sleep under the relaxing all-over warmth of just a single blanket! I gave Grandma Claus an Electric Blanket last Christmas and she says she's never slept so well in her life. So, if you're planning something special for someone special on your list, take my advice, and give an Electric Blanket!"

Select your gift Electric Bedcoverings at your dealer's or our nearest store today. You'll find a wide selection of fleecy-soft, all wool-faced electric blankets and luxurious satin-covered comforters. Choose from luscious pastel colors or rich deep-tones. Blankets in twin bed size with single control and double bed sizes with single or double controls. Comforters are double bed size with single control. For your complete assurance, look for the seal of approval by Underwriters' Laboratories, Inc.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

Habits of Brown Trout
Brown trout is not one of America's native trout, but was introduced in 1833 from Europe where it had been a favorite for many years. The original shipment of eggs was from a Von Behr of the German fisheries society, and for some time this trout was known as the Von Behr trout, or the German trout. Brown trout can live in warmer waters than most trout, and even when the temperature of the water reaches 80 degrees they apparently suffer no major ill effects. The caution of the brown trout is developed to a greater degree than it is with most trout and it is a habitual nocturnal feeder.

Louisiana Lilies
Production of lily bulbs in Louisiana is fast becoming an important industry. Between 600,000 and two million Louisiana-grown bulbs were sold each year between 1940 and 1946 for commercial cut flowers.

Improved Poultry House
Wall feed bins in the poultry house can cut down the work needed to care for the laying flock. A protected opening in the wall permits filling the bin from the outside, and feed can be taken from sliding doors at the bottom of the bin inside.

Paint Stucco House
Rain, snow, ice and sleet are natural enemies of stucco. In the winter, rain or snow settles in the cracks in the surface, freezes and enlarges the cracks. As this continues, sooner or later bits of the stucco are forced off and the house becomes unsightly. Proper painting with suitable colors and materials keeps the cracks sealed, the rain, snow and sleet out, and gives character to the house at the same time.

Timber Management
Properly spaced forest trees will grow high quality lumber more quickly. Trees too close together slow down in growth. Trees too far apart will produce big limbs and poor lumber.

Calendar Year
First six months of our year contain 181 days, while the second six months contain 184 days.

Cushioned Footsteps
John G. Tufford, Elyria, Ohio, cobbler, found flat rubber heels unsatisfactory, so in 1914 he invented a rubber heel that was concave inside and convex outside to keep tight contact with leather. Shoe store clerks helped finance patent application for shares. Canadian and English patent rights yielded a half a million dollars.

Sizes of U. S. Farms
In New England, where dairying predominates, the average size of a farm is 100 acres. In the corn and hog belt of the Middle West it is 160 acres; in the cotton belt, 80; and in the wheat fields of the Great Plains it is 400 acres.

Forest Land Roads
According to a Twentieth Century Fund report, there are about 183,000 miles of highways, 518,000 miles of roads and 313,000 miles of trails now serving America's forest lands.

New Barrier for Rats
Building materials such as concrete, sheet metals and wire mesh have been used successfully for rat control, but under most conditions the cost of these materials as rat barriers has been prohibitive. Development of a new, low-cost laminated board as a rat barrier promises to reduce the tremendous damage by rats to food and property.

Butterfat
Butterfat contains fatty acids which promote storage of vitamin A in laboratory animals.

Where Tall Corn Grows
There are more telephones per capita on Iowa farms than anywhere else in the world. Iowa's 933 towns and cities are electrified. More than 160,000 farmers, or 80 per cent of all Iowa farmers, have electrification, while 99.9 per cent of the urban population of Iowa has electrical service available. There are 16 independent power companies operating in Iowa, which serve more than 90 per cent of the urban population. In the smaller communities there are 85 municipally owned electric plants and 83 co-operatives serving the rural parts of Iowa, as part of the REA.

ADOPTION NOTICE

STATE OF ILLINOIS) ss

COUNTY OF LAKE)

IN THE CIRCUIT COURT, NUMBER 51563, PETITION FOR ADOPTION OF A CHILD NAMED STEPHEN CRAIG YOUNGMAN:

RICHARD MCGUIRK and LUCILLE I. YOUNGMAN MCGUIRK, Husband and Wife, Petitioners, vs. JOHN O. YOUNGMAN, ET AL, Defendants.

The requisite Affidavit having been filed, Notice is hereby given to you, JOHN O. YOUNGMAN, that on the 3rd day of December, 1948, RICHARD MCGUIRK and LUCILLE I. YOUNGMAN MCGUIRK, Husband and Wife, filed a Petition in the Office of the Clerk of the Circuit Court of Lake County, Illinois for the adoption of a male child, STEPHEN CRAIG YOUNGMAN, and Summons was duly issued as provided by law, returnable on Monday, the 17th day of January, 1949, and that said Petition is still pending.

Now, unless you, the said JOHN O. YOUNGMAN, file your Answer or otherwise make your appearance in said Cause herein at the Court House in the City of Waukegan, County of Lake, State of Illinois, on or before Monday, the 17th day of January, 1949, default may be entered against you at any time thereafter and a Decree of Adoption entered in accordance with the prayer of said Petition.

L. J. Wilmet
Clerk of the Circuit Court,
Lake County, Illinois
William R. Dalziel,
Attorney for Petitioners,
4 South Genesee Street,
Waukegan, Illinois (19c)

Brownie Membership 45

The Brownies, younger group of Girl Scouts, now have a membership of 45 and their sponsors are the American Legion Auxiliary Unit 748.

The leaders have two helpers, Mrs. Elvin Keulman and Mrs. Edmund Vos. Meetings are held every Thursday at the Scout home. Mrs. Louis Biel, leader, invited the mothers to help with the group.

Often Needed

Greatest number of muscles in any part of the body is in the tongue.

Card of Thanks

We wish to thank the V. F. W. Post No. 4551 and the American Legion Post No. 748 and their auxiliaries for their part in conducting our boy's funeral, also Waukegan Moose 708 of Waukegan and all our friends for flowers and their many acts of kindness that helped us through a very trying time.

Myra W. Randall, mother
Mary Mann, grandmother
Uncles, Robert Mann and Guy Randall.

What Better Christmas Gift For A Growing Boy.....

than a kit containing complete materials for construction of flying model airplane, and a gleaming powerful miniature gasoline engine?

We have a wide variety of kits for the building of both scale and flying models in most popular makes. Kits costing from 10c up will be instructive, and provide many hours of good, clean fun for your boy.

Flying models may be powered by rubber bands, CO2 engines or miniature gasoline engines.

Engines from \$4.95

We also have speedboat kits

Thimble Drone midget race cars, complete with engine, ready to run, make a gift your boy will never forget. These may be run anywhere where a smooth floor can be used and will attain a speed of 80 miles per hour. They are usually operated on a wire held in the hand.
